

Agenda

Datum: Wednesday, June 10, 13:00–...

Locatie: BICO

Chair: Tarana

Minute taker: Jonas

1. Minutes last meeting

The last meeting was on June 5, 2026.

- Any remarks regarding the last minutes?
- Are there action points that can be removed?

Estimated time: 5 minutes

2. Reading rubric

We will be reading the rubrics of the things we will get graded on and discuss these topics:

- Ownership (30%)
- Team Work (20%)
- Attitude (10%)
- Poster (30%)
- Animation/ video (10%)

https://canvas.uva.nl/courses/56491/files/14655739?module_item_id=2764497

3. Our goals

Since we are somewhat halfway done with our lab days, let's remind ourselves of the goals we made in the beginning. For example if we have had the chance to improve our weaknesses.

4. Brainstorming about poster

What we have now:

- Blue background (because Sohrab said it)
- Maybe a bit wobbly background? If it's not too chaotic.
- Photo of the droplet falling.
- Experimental setup schematic.
- Diagram with all different results with a legend.
- Big falling droplet in the middle with our research question and title

5. Brainstorming about animation

6. Github

Just going over what we need to have in our Github.

7. Measurements from now on

8. Data analysis

9. Remaining discussion points
